EMF/ELF Meter

Measure electromagnetic field radiation levels from fans, electrical appliances, wiring, power lines, etc.

Features:

- Large 1/2" LCD 3-1/2 digit display of electromagnetic field (EMF) level in milligauss or microTesla
- Overrange Indication
- Sampling time of 2.5 times per second
- Dimensions:5.2x2.8x1"(132x71x25mm); Weight: 6 oz (170g)
- Complete with 9V battery.

Specifications	
Range:	0.1mG to 199.9 milligauss (0.01 to 19.99 µTesla)
Frequency Bandwidth:	30 to 300 Hz (ELF frequency range)
Accuracy:	±(4% + 3digits) at 50-60 Hz
Number of Axes:	Single axis
